### Press Release

#### Boosting Local Brands

#### Grow Safe Enables Pet King to Achieve ISO Certificates

As part of its commitment to uplift Pakistani brands and SMEs, Grow Safe (Pvt) Ltd. has enabled Pet King Global – Pakistan's largest pet food manufacturer – to achieve globally-recognized ISO certifications.

These include Quality Management System (ISO 9001:2015), Good Manufacturing Practices (GMP), Food Safety Management System (ISO 22000:2018), Environmental Management System (ISO 14001:2015), and Occupational Health and Safety Management System (ISO 45001:2018).

Grow Safe as a QHSE Consultant conducted a detailed Gap Analysis of PKG's state-of-the-art manufacturing facility in Korangi, Karachi and assisted in bridging the gaps to meet the criteria set by international standards. GSPL consultants generated an action plan, carried out documentation, conducted trainings and Internal Audit as per the global standards.

After a third-party Certification Body Audit, PKG successfully qualified for the five international standards, i.e., QMS, FSMS, GMP, EMS and OHSMS. PKG as a Pakistan Brand has now established a Benchmark of legal and social compliances in the Pet Food Manufacturing Sector.

Saad Abdul Wahab, CEO of GSPL, emphasized the company's commitment to supporting Pakistani SMEs. "We aim to extend our influence across the SME sector and ensure that Pakistani brands meet all export requirements, facilitating their entry into international markets," he said.

The step is in line with the mission to enhance the global presence of Pakistani brands and SME, so they can contribute to the country's economy and foreign reserves.

Since 2021, GSPL has supported more than 50 local businesses, enhancing their productivity, capacity building, human capital development, and helping them meet international certification standards for export readiness.

Thankfully,

Hassan Siddiqui  
Manager, Corporate Media
