Press Release

Grow Safe Launches Merit-Based Summer Internship

Grow Safe – a leading provider of Health, Safety, and Environmental (HSE) solutions has announced the successful launch of its six-week Summer Internship Program 2025, welcoming eight talented interns, selected purely on merit.

These young professionals have been placed across key departments, including sales and marketing, Information Technology, administration, and technical services.

The organization remains deeply committed to contributing not only to industry excellence but also to the broader goal of human capital development. Through its ongoing Learning & Development initiatives, it continues to strengthen the bridge between academia and industry, providing valuable opportunities for students and fresh graduates.

The internship program reflects Grow Safe's strong commitment to Corporate Social Responsibility — particularly in empowering the Small and Medium Enterprises (SMEs) and nurturing future leaders.

By investing in youth and fostering a culture of safety, health, and environmental awareness, GSPL reaffirms its mission to support a sustainable and responsible industrial future.

Thankfully,

Hassan Siddiqui
